

KŌGŌ[™] Cleanroom Tapes

- Double-bagged & labeled in press-and-seal cleanroom bags
- Full range of widths available
- Multiple color options

TPA Series

LDPE with Acrylic Adhesive

KÖGÖ™ TPA Cleanroom Tape is constructed of a Low Density Polyethylene (LDPE) backing with an acrylic adhesive and is latex-free. This construction is low in halogens, leachable chlorides and heavy metals, providing users with the ideal cleanroom tape solution.

Offered in 5 colors and 4 widths, KÖGÖ™ TPA Cleanroom Tape is ideal for color coding and product identification, and its high conformability makes it easy to seal and package materials in critical environments.

All KÖGÖ™ Cleanroom Tapes are uniquely packaged in press-and-seal cleanroom bags providing additional convenience to end users.

3" Green Tape

Applications

- Cleanroom packaging
- Color coding
- Labeling
- Low static generation
- Waferbox sealing

TPR Series

LDPE with Synthetic Rubber Adhesive

KÖGÖ™ TPR Cleanroom Tape is constructed of a Low Density Polyethylene (LDPE) backing with synthetic rubber adhesive and is latex-free. This construction is low in halogens, leachable chlorides and heavy metals, providing users with the ideal cleanroom tape where quick tack but moderate adhesion is needed.

Offered in 5 colors and 4 widths, KÖGÖ™ TPR Cleanroom Tape is ideal for color coding and product identification, and its high conformability makes it easy to seal compound surfaces and package materials in critical environments.

All KÖGÖ™ Cleanroom Tapes are uniquely packaged in press-and-seal cleanroom bags providing additional convenience to end users.

1/2" Yellow Tape

Applications

- PVC/Rubber Tape replacement
- Asset identification
- Surface protection
- Color coding
- Cleanroom build

TVR Series

PVC with Synthetic Rubber Adhesive

KÖGÖ™ TVR Cleanroom Tape is constructed of Polyvinyl Chloride (PVC) backing with synthetic rubber adhesive and is latex-free. These tapes are ideal for clean build or cleanroom construction applications where quick tack and abrasion resistance is important.

Offered in 5 colors and 4 widths, KÖGÖ™ TVR Cleanroom Tape is ideal for color coding and aisle marking in cleanrooms. Its high conformability and aggressive tack bonds quickly to irregular surfaces such as duct work or visqueen sheets used for temporary walls. The TVR Series' write-on matte finish makes this tape ideal for handwriting and pen marking.

All KÖGÖ™ Cleanroom Tapes are uniquely packaged in press-and-seal cleanroom bags providing additional convenience to end users.

1" Red Tape

Applications

- Aisle marking
- Color coding
- Ductwork sealing
- Visqueen hanging
- Cleanroom build
- Labeling
- HEPA filter protection
- Easy to write on
